1. This memorandum is for information only.

2. I am glad to report that the problem of building access for the Public Buildings Service (PBS) engineers, Messrs. Bengtson and Gibbons, has been satisfactorily resolved. The Chief, Physical Security Division, Office of Security, has advised this office that interim badges are being issued to Messrs. Bengtson and Gibbons to enable them to enter the building and move about therein without escort. Upon receipt of Personal History Statements, the Office of Security will proceed with the necessary security investigations prior to the issuance of the prescribed "Visitor - No Escort" badges pursuant to Security Notice dated 10 December 1962.

3. This office is not aware of any other instances in which security limitations are restricting the activities of PBS engineers in the Headquarters building. If any future situations of this nature should develop, I am sure they can be promptly resolved with the Office of Security.
